HON. W. K. MACKENZIE Talked of for  
Congress.

Taylor, Tex., March 7.—(Special)—The Gazette reporter learns from good  
authority that an effort is being made  
by the friends of Hon. W. K. Mackenzie  
of Georgetown to bring him out for con-  
gress in the 11th congressional district  
against Major Joe D. Sawyer, and that  
the strong probability is that he will  
make the race. This move originated  
in the southern portion of the district,  
and it is gradually gaining strength as  
it comes north. Judge Mackenzie has  
lived in Williamson county for many  
years, and is recognized by people of  
all parties as a man worthy of any  
honor at the hands of his fellow citizens.  
He is a Republican and a pro-  
tectionist, but without is a liberal, fair-  
minded gentleman. Judge Mackenzie  
was the standard-bearer of his party  
in this state for governor, and in  
the congressional election coming  
up he is to be the Populist candidate,  
and endorsed by the Populists, as he  
doubtless ought to be, no one can fore-  
see that the result in this congressional  
district will be. At the last  
election the Populists nominated Major  
W. H. Hutchison of San Marcos for  
congress, and he was defeated by the  
Republicans. It now remains for the  
Populists to return the compliment and  
nominate a man who represents the real  
opposition to Democracy in this district.

## JULIANT LEXINGTON.

Good Prospects for a New Railroad  
Being Built.

Lexington, O. T., March 7.—(Special)—  
The citizens of Lexington and farmers  
of her county (Cleveland county)  
are feeling very jubilant over the good  
fortune of soon having a railroad running  
into the town. The St. Louis,  
Oklahoma and Texas Air Line railroad  
has begun a survey from this point to  
Tecumseh, O. T., to connect at that  
place with Sapulpa, I. T., and thence  
to St. Louis. At Tecumseh five miles  
of grading has been done and the laid  
in the direction of Sapulpa by this  
railroad, which when completed, will  
give Lexington direct communication  
with St. Louis. The citizens of Lex-  
ington and vicinity have complied with  
the requirements of said road and their  
chief engineer is now in town looking  
after the survey.

Within less than six months the citi-  
zens hope to see trains running into the  
town, and it is contracted by this rail-  
road company to establish for the  
present their round houses and terminus  
at Lexington on account of the  
excellent location here for that purpose.  
Water is here in great abundance, and  
water power advantages are to be  
found in abundance in Indian Territory  
for the building of a flourishing city  
than at Lexington.

Lexington is a thriving little town of  
about 1900 inhabitants, situated on the  
east bank of the Canadian river, just  
across the river from Purcell, I. T.

## SWINDLERS CAUGHT.

PEDELLERS OF "GREEN" GOODS  
CAPTURED IN CHICAGO.

Besides Their Dogs Bills They Had  
\$25,000 in Good Money  
In a Hatchet.

Chicago, Ill., March 7.—Postoffice In-  
spectors Stuart yesterday made an in-  
spection of green goods swindlers.  
The sharper had in their posses-  
sion besides bogus bills \$25,000 in  
good money. Three men were arrested.  
Their hatchet contained \$25,000 in  
good money, and was also captured.

The prisoners are Charles Heald, alias  
Vogel, Mr. E. Gray, alias Vogel, Jr.,  
and Frank Smyth. The capture was  
the result of a cleverly laid plan. For  
two months past the mails in this section  
of the country have been flooded  
with "green goods" circulars. Last  
two deputy marshals were sent to Ar-  
ansas, where they placed themselves in  
communication with the operators. An  
appointment was made for Chicago  
and two deputies disguised as con-  
tractors, came to Chicago. The capture  
followed. The deputies registered at the  
Atlantic hotel. Here they were met by  
Hend, who was informed that the Arkansas  
visitors wanted the state rights for  
the dissemination of the goods. An  
agreement was finally reached, and at  
a meeting was held today at  
Hotel Delaware on Cottage Grove  
avenue, near Sixty-third street. While  
the men were haggling over terms, a  
signal was given and the doors were  
burst in. An exciting struggle ensued,  
during which revolver was pulled,  
but the men were finally overpow-  
ered.

## PASSED RESOLUTIONS

Against Price Fixing in General,  
and the Tax in Particular.

Lafayette, March 7.—(Special)—The  
League conference in session  
recently passed the following reso-  
lution.

Whereas, the leading sports or-  
ganizations of the United States have in  
the very face of the nation's sentiment  
and against the advice of the  
Christian people, and in violation of a  
special law in our state's books, again  
breached the borders of our beloved  
state with their treacherous human  
beasts for the express purpose of emigrating in  
a "free fight," and

Whereas, the excellency, Governor  
Collinson, has taken extraordinary  
measures to prevent the same, and Adju-  
tant General Mabry, in the fearless  
discharge of his duty, has incurred  
the disreverence and unthankfulness of  
you and the citizens.

Therefore, this League conference  
composed of Liverpool League of Fam-  
ily and Hunt counties, and this  
method of expressing their profound  
thanks to these brave officers of our  
state for their noble efforts to save us  
from the shame sought to be imposed  
upon our people by the taught of the  
land, and that we assure these noble  
officers of our hearty support in the  
future, and beseech them to spare no  
effort to save our great state from the  
disgrace sought to be heaped upon her  
by any and all such characters.

Signed, Secretary of Conference by  
FRANK CRAWFORD, Secy.
